SKILLS

BRAND + PACKAGING

Illustrator, Photoshop, InDesign and Figma: Packaging systems, production artwork, manuals, iconography, product imagery and digital campaigns.

PRODUCT CGI + MOTION

Blender, Premiere Pro, Final Cut Pro and DaVinci Resolve: Product modelling, rendering, lighting, animation and motion content.

INTERACTIVE 3D + AR

Blender, HTML, CSS, JavaScript, GLB and USDZ: Optimised retail-display assets for responsive web viewing and accurate-scale mobile AR.

CONCEPTUAL

User Flows, Prototyping, UX Research: Designed intuitive web experiences with user testing. Site Mapping, Wire-Framing, Empathy Mapping: Planned and structured websites and marketing emails, focusing on user needs.

SOFT SKILLS

Teamwork, Leadership & Problem-Solving: Led the Just Design web team to overcome technical challenges and deliver a responsive, user-focused site.

HOBBIES

Blender, Gaming, PC Building, Tech, Photography, Photogrammetry

ABOUT ME

A multidisciplinary graphic designer working across branding, packaging, digital design, motion and 3D. Experienced in producing packaging, product imagery, marketing content, renders and animation as part of GadJet's Product Design and Graphics team, alongside interactive 3D and augmented reality experiences that connect physical products with digital design.

WORK EXPERIENCE

GRAPHIC DESIGNER - GADJET

JUNE 2025 - PRESENT

As part of GadJet's Product Design and Graphics team, I work across the GadJet and Goodiz brands, producing packaging systems, production artwork, multilingual manuals, product imagery, marketing content, and 3D modelling, rendering and animation. I also create optimised retail display assets for interactive web viewing and AR, enabling B2B customers to explore stands online and visualise them accurately within their stores.

EXAM INVIGILATOR - SHIRELAND COLLEGIATE ACADEMY TRUST

NOVEMBER 2024 - JUNE 2025

Ensured fair and secure conduct of exams through regulations, supervising students and maintaining exam integrity at Shireland and West Bromwich Collegiate Academies. Achieved an Invigilator Digital Accreditation.

DESIGN INTERN - BOW WOW INTERNATIONAL

SEPTEMBER 2022 - OCTOBER 2022

Animated a car, 3D modelled mountainous terrain surrounding the road. Worked with a small team to implement story into animation using Blender.

EDUCATION

BA (HONS) GRAPHIC DESIGN - COVENTRY UNIVERSITY

2021 - 2024

Completed projects across branding, typography, editorial design, moving image, UI/UX and web design and development. Led a team of four through planning and prototyping, allocated responsibilities and managed deadlines before developing the finished responsive degree show website for 34 graduating designers in HTML, CSS and JavaScript.

Achieved First Class Honours in Graphic Design
Course Tutor's Prize for overall excellence and endeavour

A LEVEL - KING EDWARD VI COLLEGE
